Title	Principal
Project	College Running Cost and
Report Period	January – August 2023 (1 st Quota)
Amount received	USD 10,774.50 Equivalent of UGX. 38,447,330

Introduction

This is the first quota report, ranging from January – August 2023. This is funds received from Project Delivering Hope (Charity in UK) that works in Collaboration with the Friends of KajoKeji (led by Cathie in UK) to support various activities of KajoKeji Christian College ranging for daily running cost, staff salaries, building staff capacity, pastors retreats and meeting other crucial emergencies.

What was covered during this period?

Firstly this report is late for three months, due to process of the Diocese in getting a new Bishop, of which the College was fully involved in supporting the process i.e. its facilities and staff including the then Principal. Some of the activities are for daily running of the college and also towards self-sustainability of the College.

1/ Daily running and development for self-sustainability

- a) **Contributing towards running of the College.** This include number of activities including feeding of students, fuel, stationaries, meetings, travels, emergencies etc. - some mention in the finance expenditure excel sheet.
- b) **Cost for transport, and attires for Bishop:** Air ticket for Bishop to Juba and the entire attire for the New Bishop.
- c) **Staff capacity building:** Cover tuition and boarding cost for one staff at Global Seminary/ Alpha and Omega Seminary. The purpose is for the college to develop her own team staff for sustainability.
- d) **Agriculture:** This year with the support, the college was able to high a tractor to plough 4 for planting of cassava, which is the dominant food crop in KajoKeji.
Ox-plough: With the funds, the college purchased one pair of oxen and plough, hired an expert to train oxen in digging. In the pictures attached, this was taken at the training ground in the college.

Support for process of election, consecration and enthronement of 4th Bishop for KajoKeji Diocese

- e) **Preparatory pastor's retreat:** This was a retreat to set the minds of the pastors in the diocese into a season of prayers as the people seek for God's hand as to who is right for the calling. The retreat was led by the Archbishop of Central Equatoria Internal Province (CEIP) as the main speaker. There were up to 56 pastors.

Impact of the activities support with the funds from PDH/FOKK

- The amount so far received enabled KCC move toward meeting it annual budget.
- The contribution towards staff salaries enables the staff to meet their personal and family needs like paying children in school, medical bills etc.
- The cultivated three arcs of cassava planted and students wedding on college community work hour is a hope for self-sustainability in production of food.
- One of the staff perusing studies is just left with one session to finish his bachelors in theology. With the knowledge attained,
- The Bishop had been elected, consecrated and enthroned

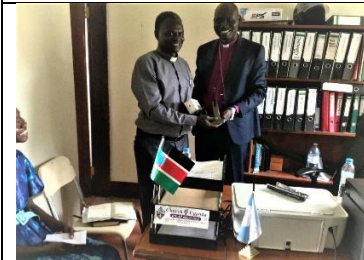

Photos of some of the activities

Part funds for support of Agriculture project included purchase of the Ox-plough on the picture, under training within the college premises.

Plantation of cassava. When this cassava matures it will help improve the feeding of the student and staff especially breakfast.

The New Bishop after consecration came back to College and handed over to the Ag. Principal witness by the Archbishop Rt. Rev. Dr Paul Yogusuk

The congregation that witnessed the official handing over comprising of Board members, Diocesan Head of Department, NGO leaders, elders and local leaders from the community.

Pastors retreat for preparing the clergy for the searching for and nomination of persons for election for a Diocesan Bishop for the Diocese of KajoKeji

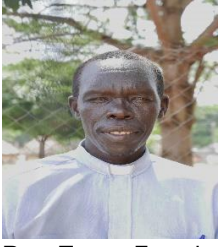

Rev. Lule James Kenyi being dressed ready for consecration in the vestry at All St. Cathedral in Juba the 10th of September 2023

A congregation of over 3000 people- clergy and laity on 16th-Sept. 2013 during enthronement. College contributed cash 1,000,000 and the transport services with your support.

The same congregation on the enthronement date at Emmanuel Cathedral in Ramogi ECSS Mission area. The see of the Episcopal Diocese of KajoKeji

Rev. Tongu Francis who is beneficiary. Doing his Bachelor at Global Seminary/Alfa and Omega seminary.

In the part cultivated, individual staff is allocated a portion of land to plan beans. The above is one garden with beans
