

Specialist Dementia Day Care Services in North Yorkshire

At The Rainbow Care Group we encourage positive risk taking, laughter, silliness or anything at all that makes your heart smile and brings feelings of happiness and well-being.

Just because someone has a diagnosis of Dementia it does not mean they should stop living, laughing and having fun.

We offer

- A unique and refreshing approach to day care services
- Activities adapted to each persons needs
- Exciting and enriching experiences
- Focusing on the individual, not their diagnosis
- Promoting dignity in Dementia, enabling independence and choice.

**6 time Great British Care Award Winners
in the Dementia Carer category**

We are changing the way Dementia Care is delivered

Our day clubs are all delivered in a safe environment with full care support for those who need it. Our daycare service offers an amazing alternative to traditional care home- based day care, as we run our day care in community settings, so for those who attend it feels more like a club.

- All of our day clubs run from 10am – 4pm in various community locations
- We provide refreshments and snacks throughout the day and a light lunch
- The day is an opportunity for some often much-needed respite for carers.
