

Kajo-Keji Christian College thanks Holy Trinity for the annual donation of £500 which they have used to improve the diet, and reduce food buying costs by planting on their land:-

Dear Mama Cathie,

Thank you for the confirmation that you receive the emails. I am sending you our report about our Green Vegetable Garden so that you can share with our supporters. We have already planted the first garden and have actually both students and staff have enjoyed a change of diets last week because what was planted took only two to three weeks to be harvested.

We have purchased more seeds as you will see in the attachments below. Our students and staff have begun clearing another piece of land and since the rains have already started we are going to plant more vegetables such as Onions, Sukuma wiki, Carrots, and many others which I am sure you will be able to identify from the pictures attached. I am so grateful for the support from our brothers and sisters in your congregation. More reports will follow as we continue to add more gardens. Again, thank you so very much for the support. Please send my special greeting to our prayer partners.

In Christ Jesus,

Michael, Principal Kajo-Keji Christian College
