One of our main focus' for this year in Aliança Oopitikkuxa is a disciple journey for leadership formation - "called to serve".

The journey involves 5 movements which we are developing as we go and will take all year to work through

1. Being: God is more interested in who we are in Him, than what we do for Him
2. Belonging: Formation happens in community
3. Calling: Discovering our God given gifts and calling
4. Faithful Practice: Spirit-dependence with intentional living
5. Fruitfulness: Leadership for Gods glory and the extension of His kingdom

The flow involves a session with current and emerging leaders every 2 weeks in the different congregations and then participants are in small (3-5 people) groups meeting between sessions for sharing, prayer, encouragement and accountability. Every 2 months we have a combined leaders gathering to review and discuss.

Last Saturday was the second combined leaders gathering and the dramas, feedback and contributions on the first movement of "Being" were so encouraging. There was a real sense of growing confidence and freedom in Christ and the work of the Spirit in making us more like him

Good discussion around questions like -

- "is it possible to be a Christian and not a disciple?" a resounding no ...
- "Is it possible to have new life in Christ and be filled with the Spirit and still face challenges and difficulties?" - a resounding yes...

It feels that the small groups are being a very positive experience in intentionally working through questions and life stuff together

Please be continuing to pray that the Lord will work in and through these times - more than we can ask or imagine 🙏🙏🙏
